

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

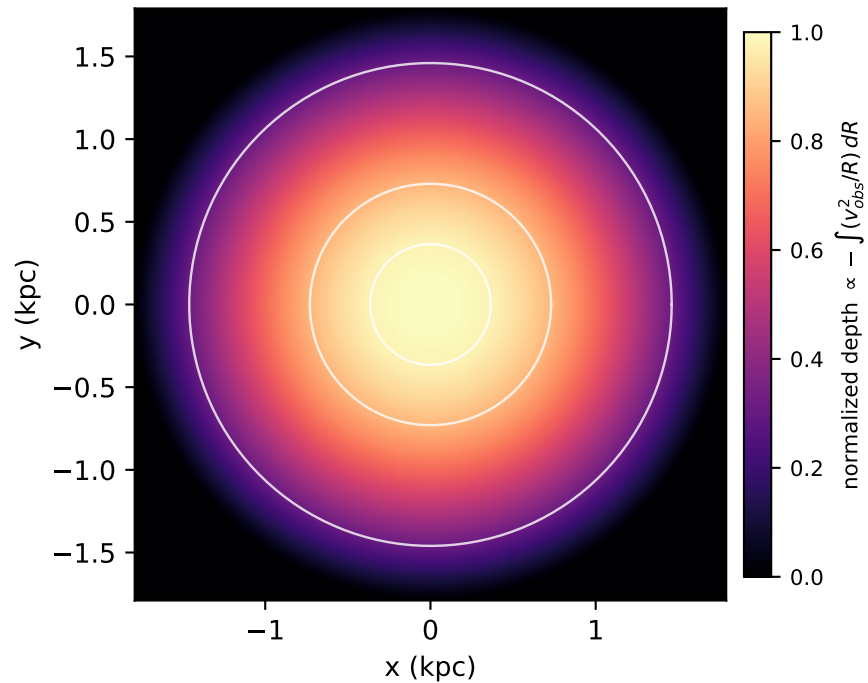

CamB: rotation curve

Inferred potential (up to constant)

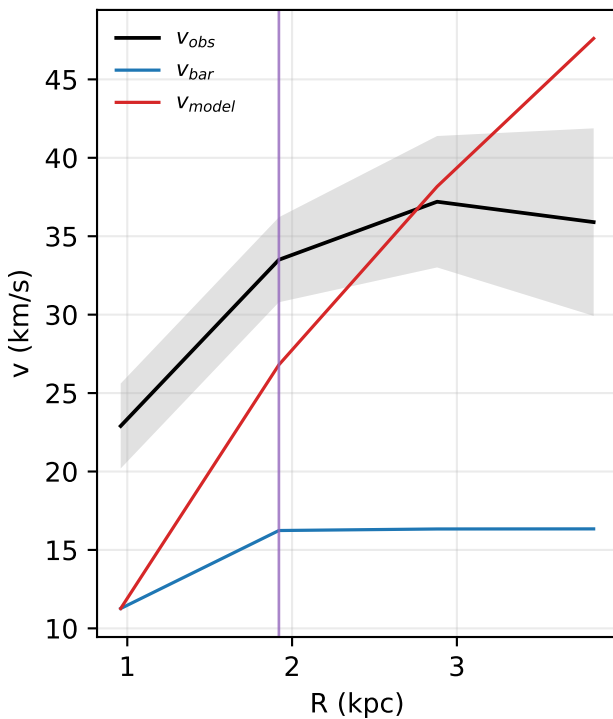

Dyed spacetime (phenomenology-first)

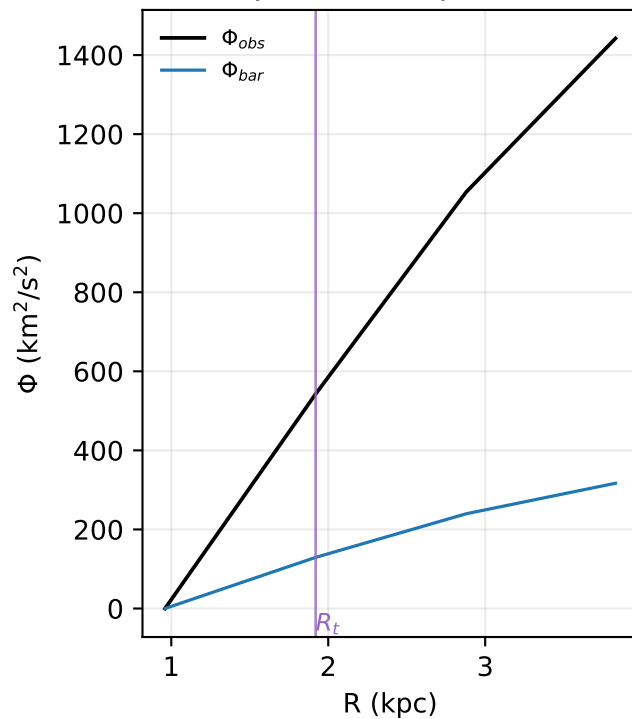

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

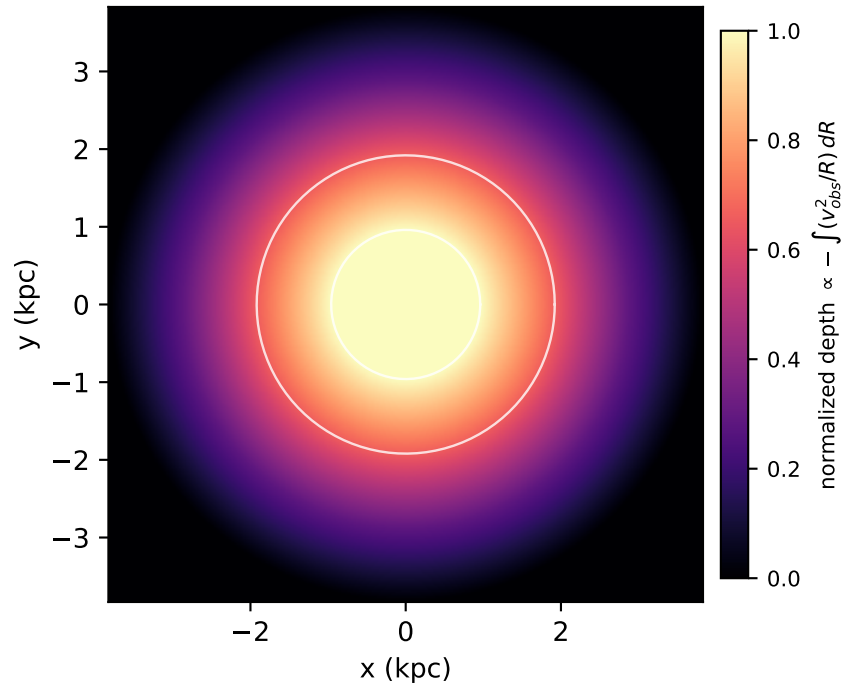

D512-2: rotation curve

Inferred potential (up to constant)

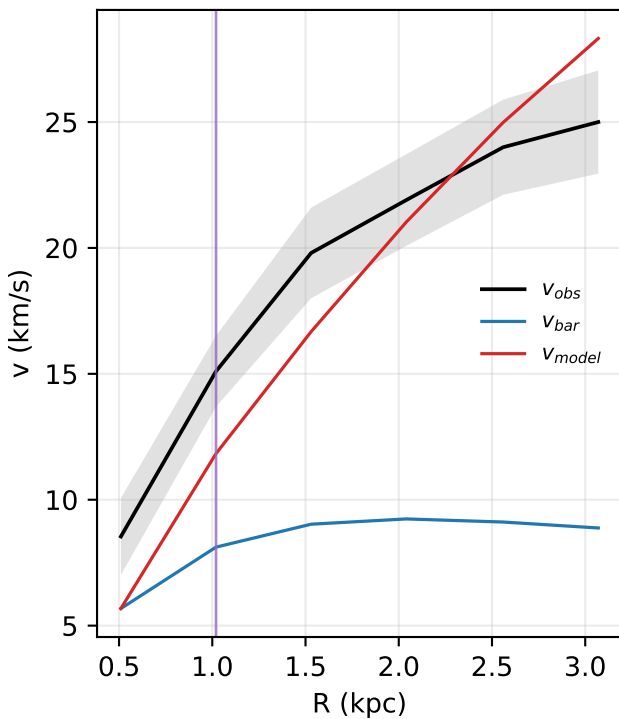

Dyed spacetime (phenomenology-first)

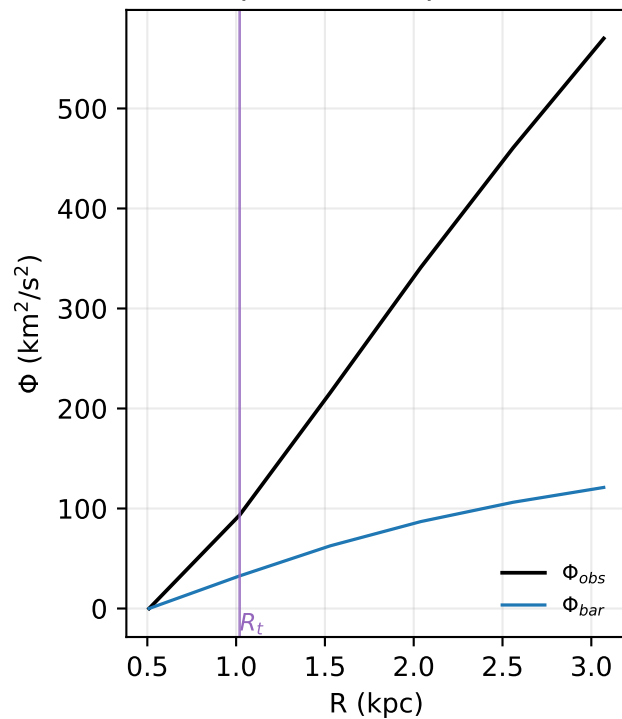

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

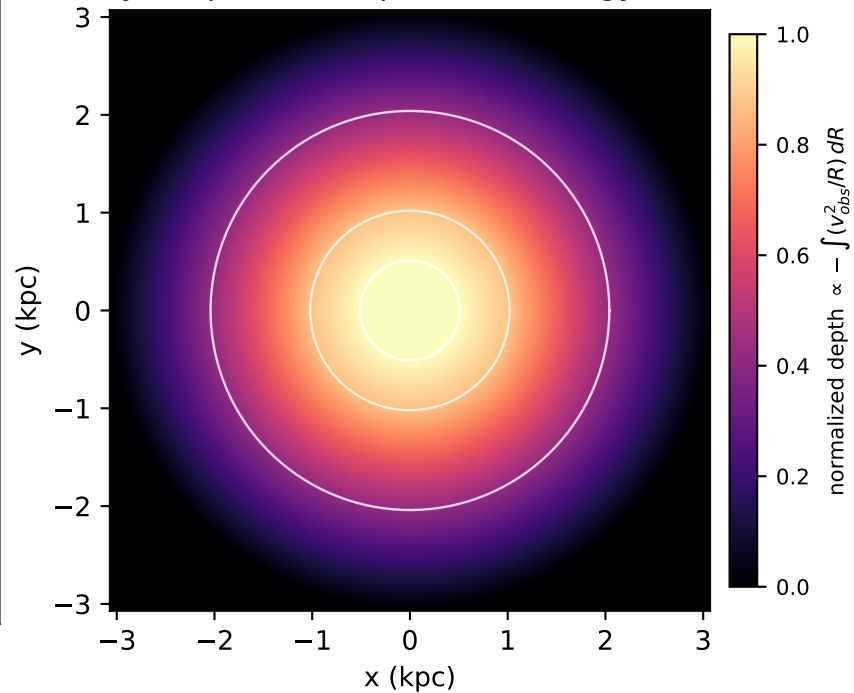

D564-8: rotation curve

Inferred potential (up to constant)

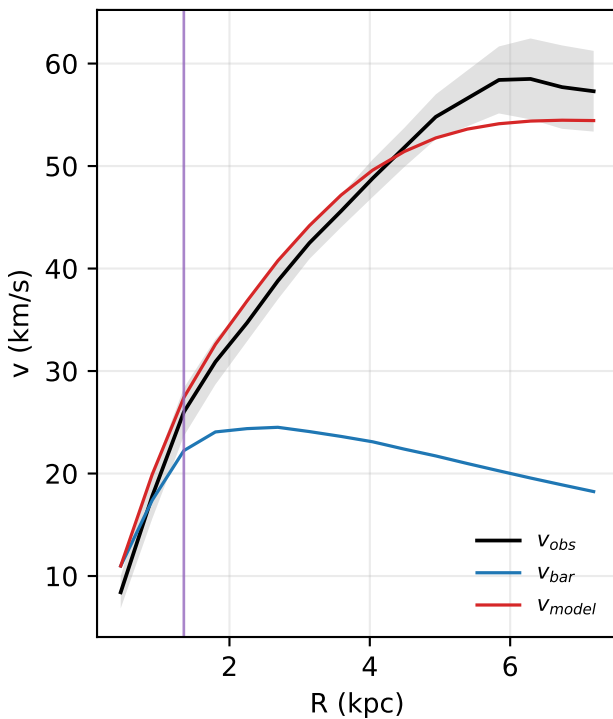

Dyed spacetime (phenomenology-first)

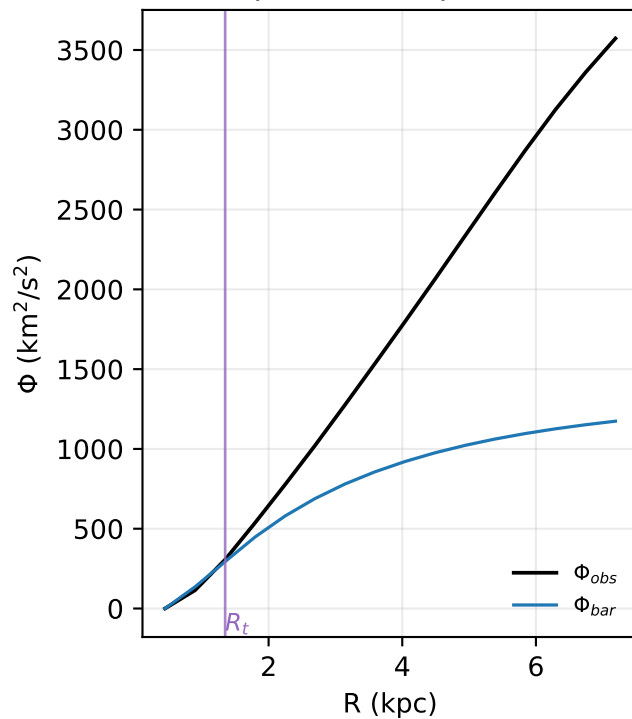

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

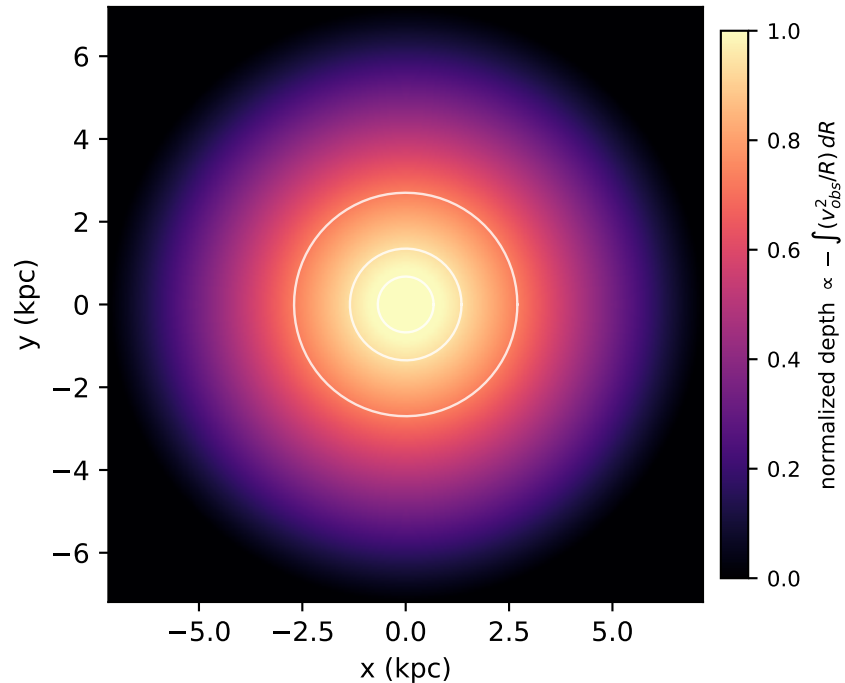

D631-7: rotation curve

Inferred potential (up to constant)

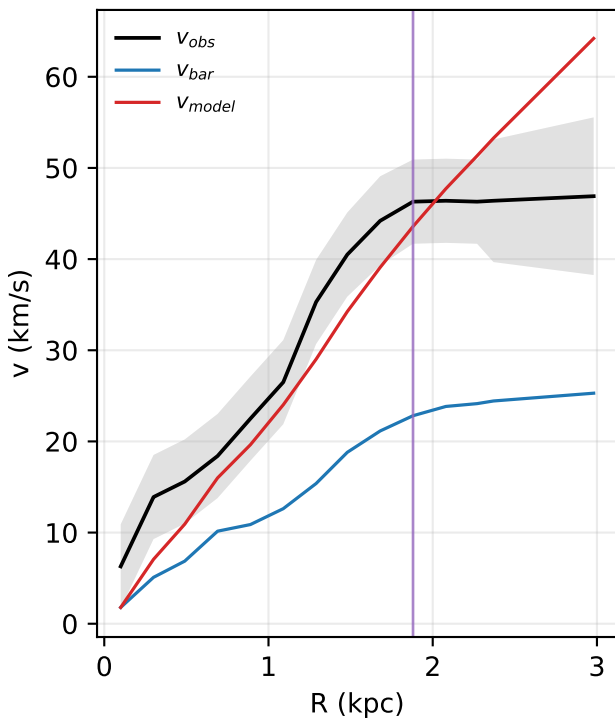

Dyed spacetime (phenomenology-first)

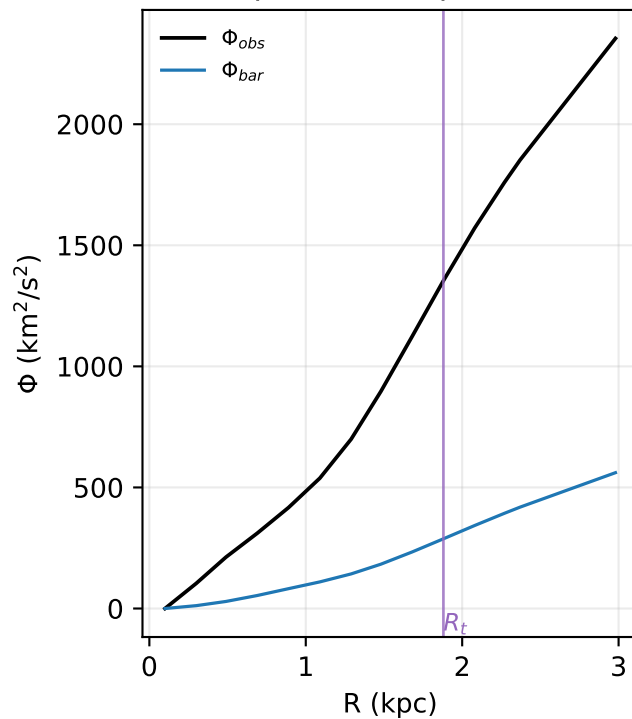

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

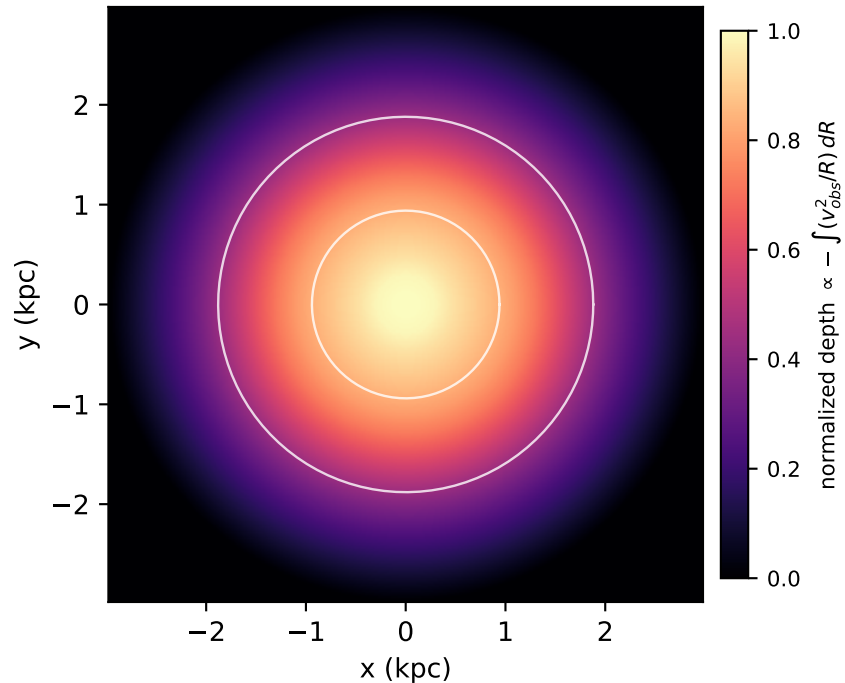

DDO064: rotation curve

Inferred potential (up to constant)

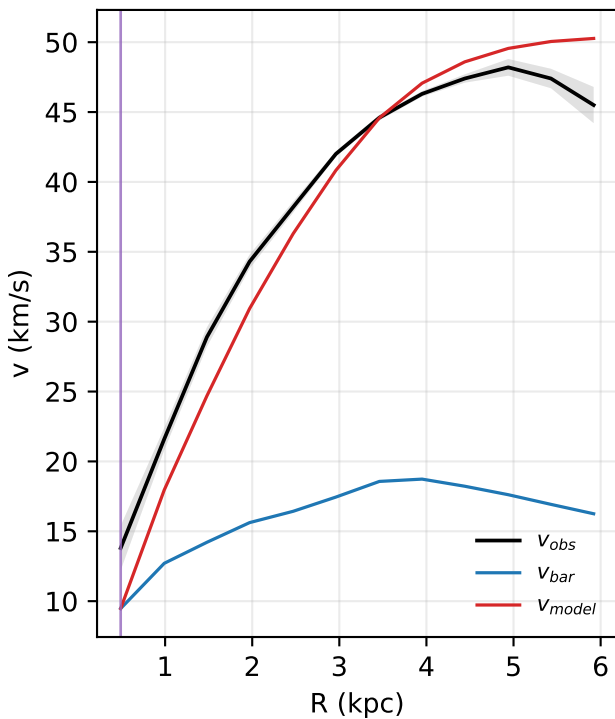

Dyed spacetime (phenomenology-first)

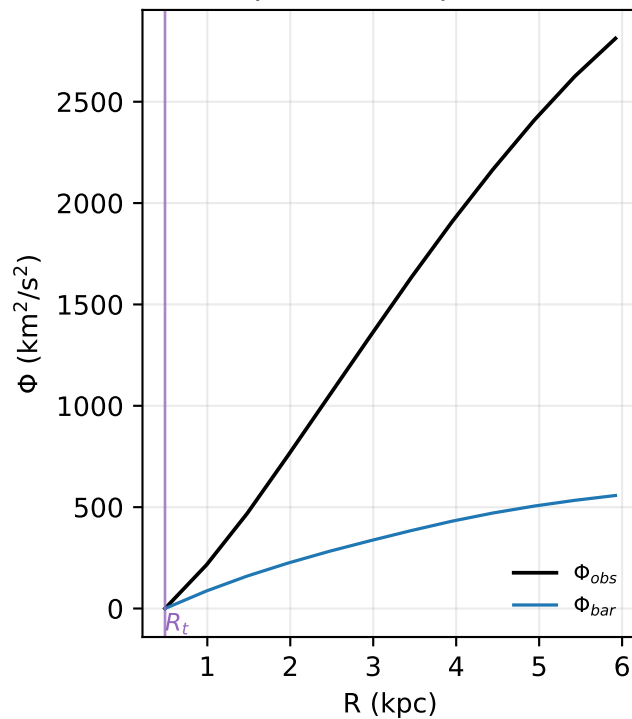

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

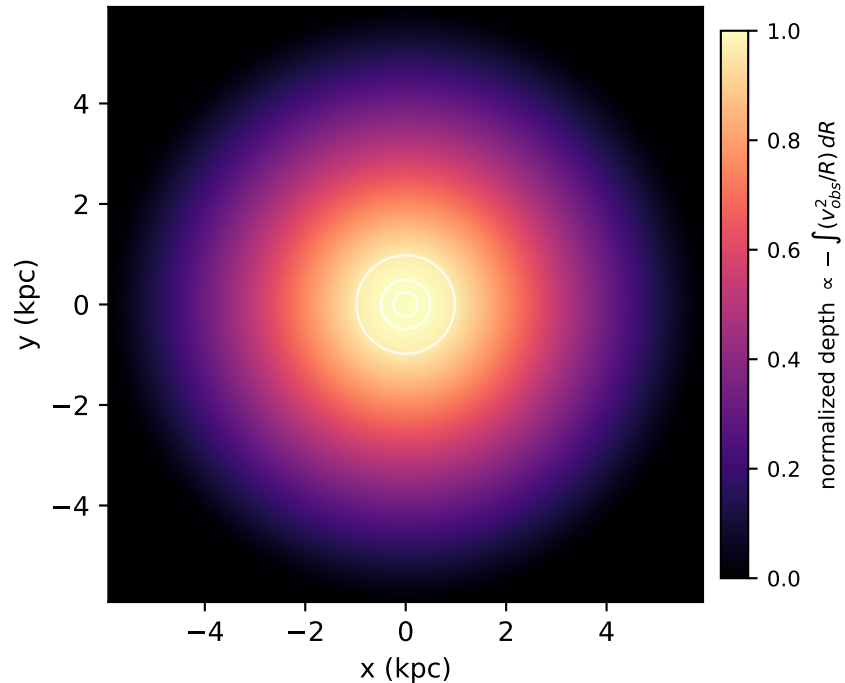

DDO154: rotation curve

Inferred potential (up to constant)

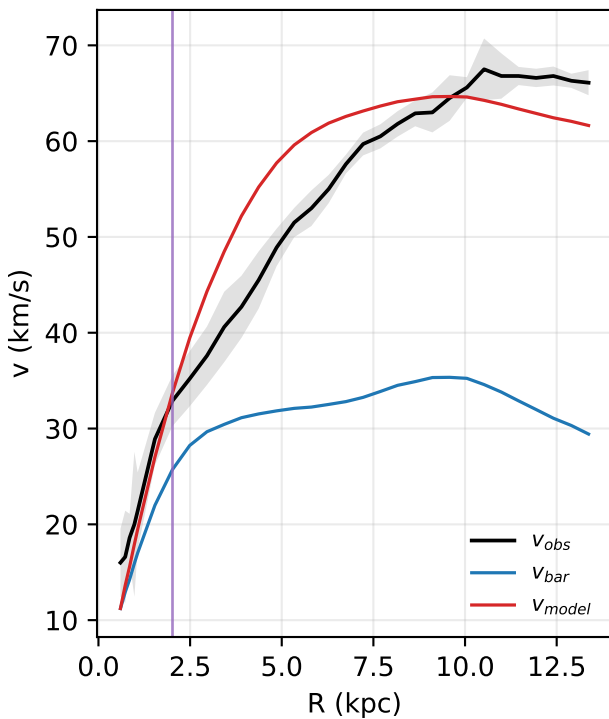

Dyed spacetime (phenomenology-first)

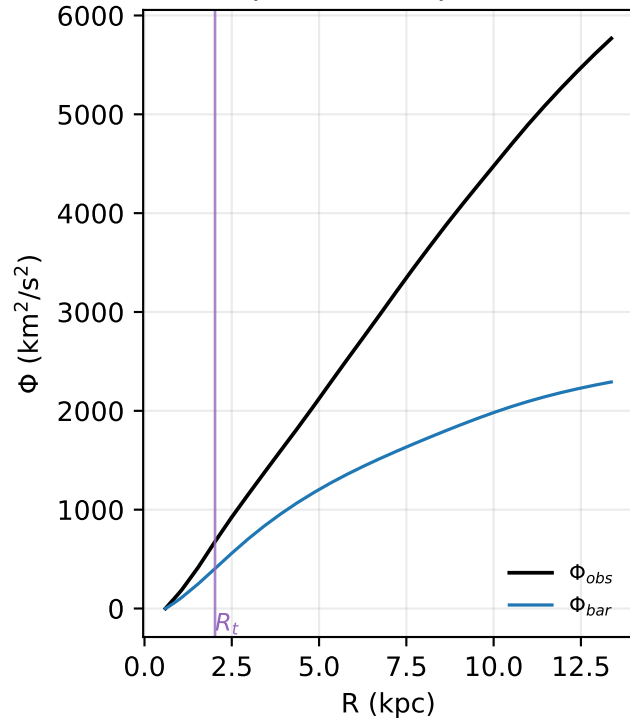

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

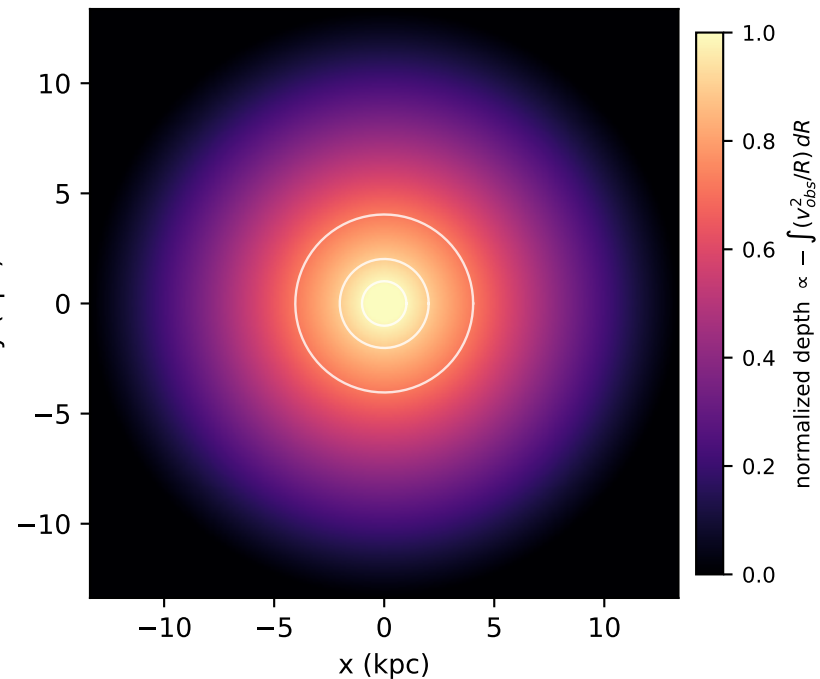

DDO161: rotation curve

Inferred potential (up to constant)

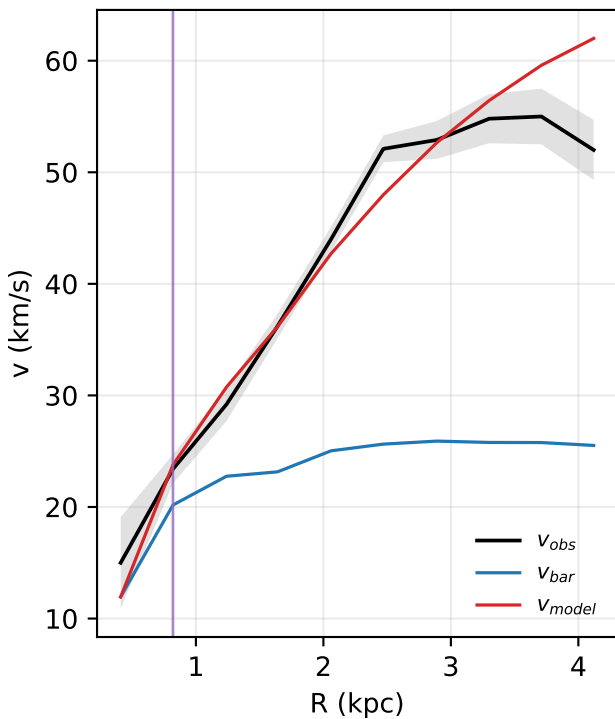

Dyed spacetime (phenomenology-first)

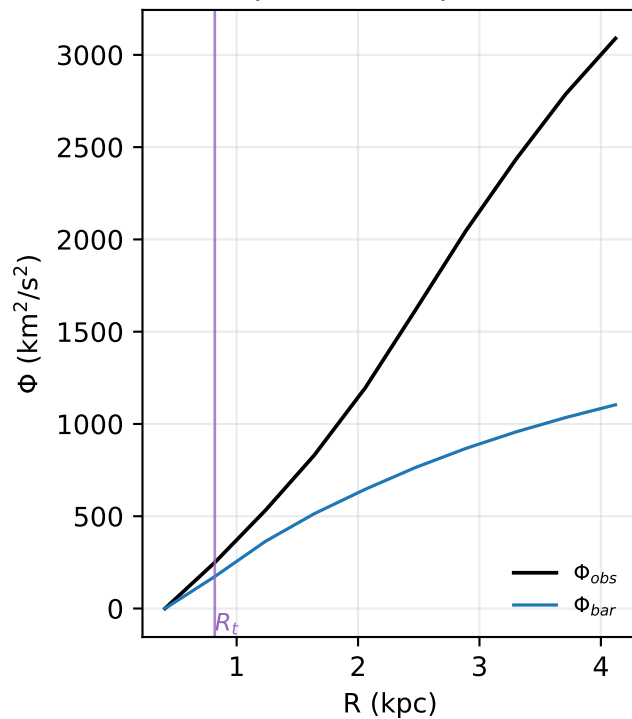

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

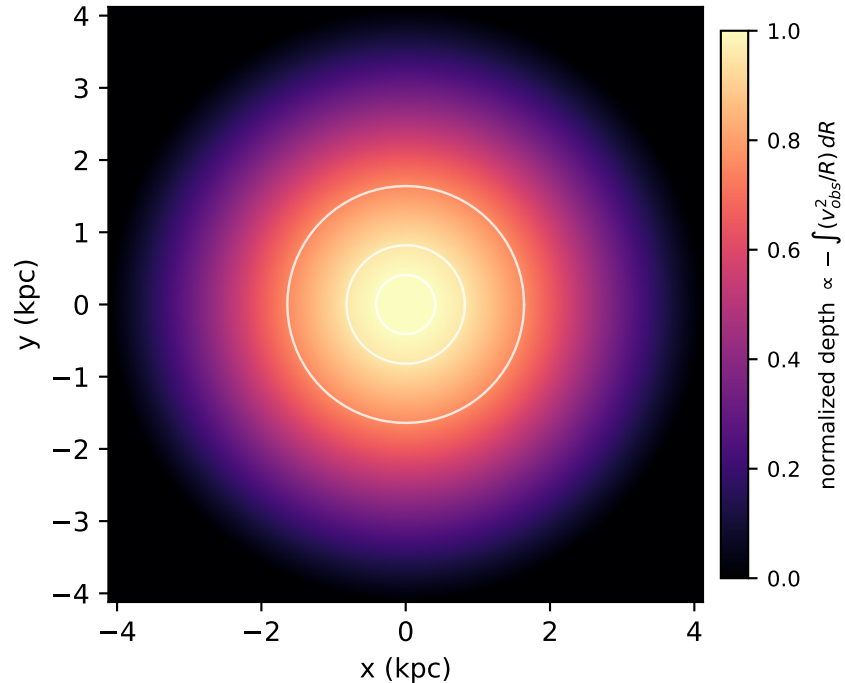

DDO168: rotation curve

Inferred potential (up to constant)

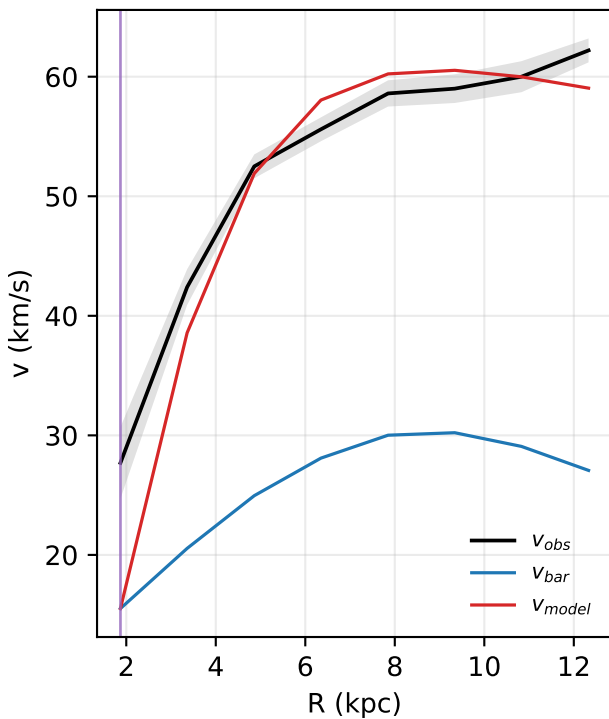

Dyed spacetime (phenomenology-first)

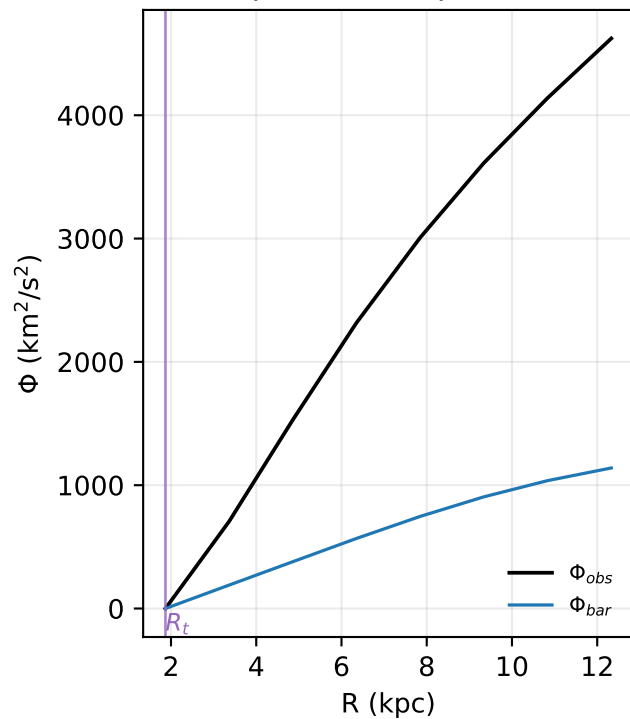

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

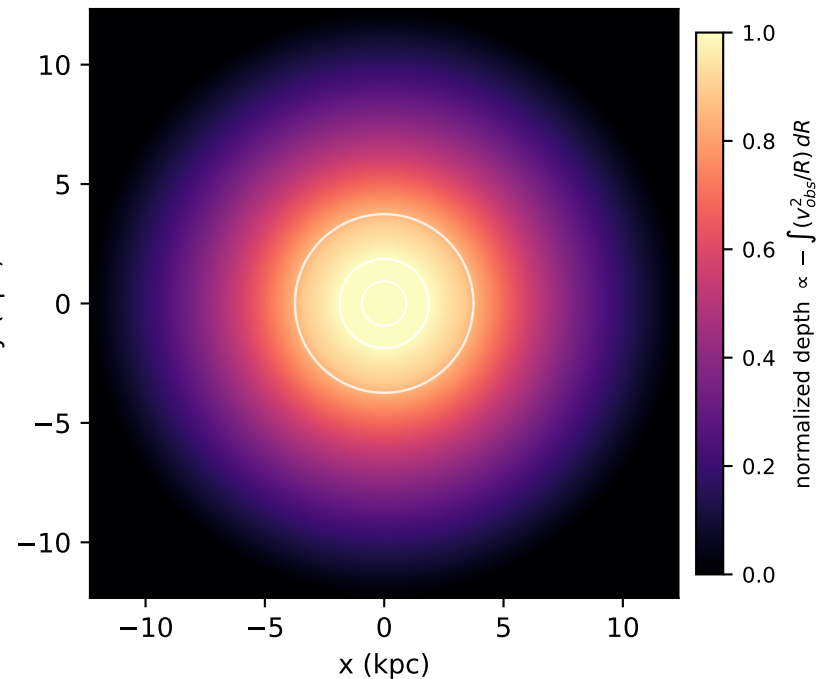

DDO170: rotation curve

Inferred potential (up to constant)

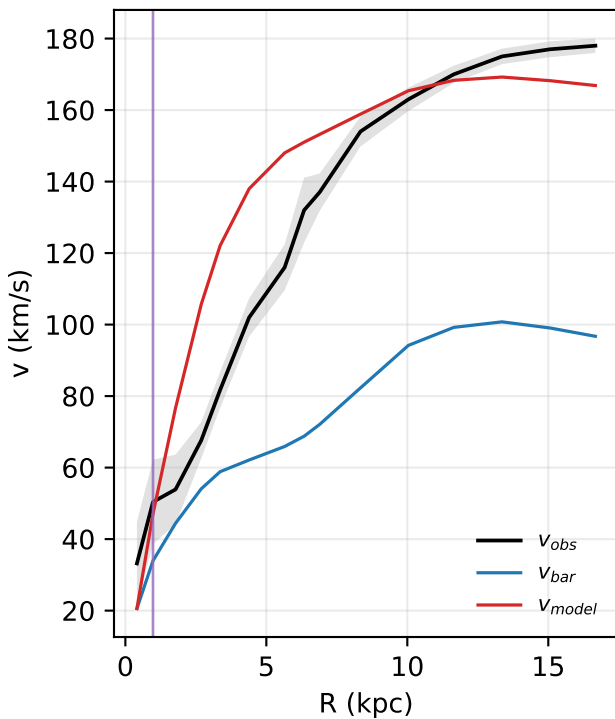

Dyed spacetime (phenomenology-first)

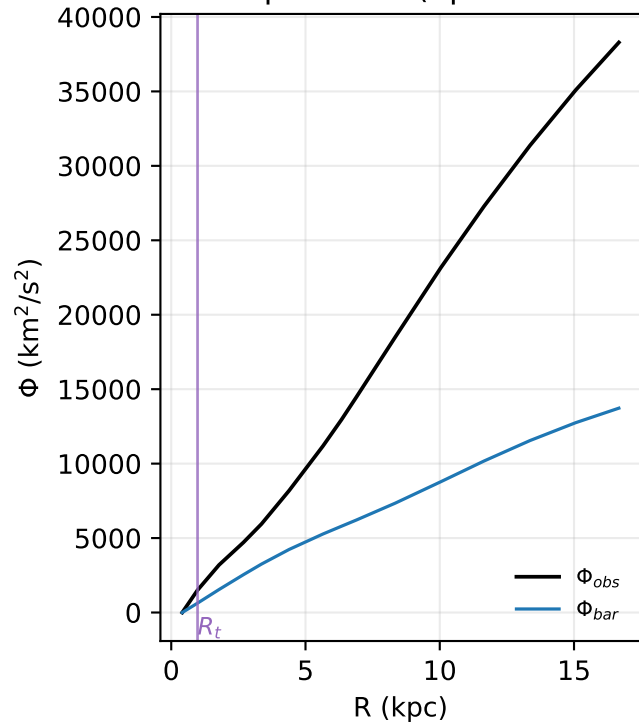

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

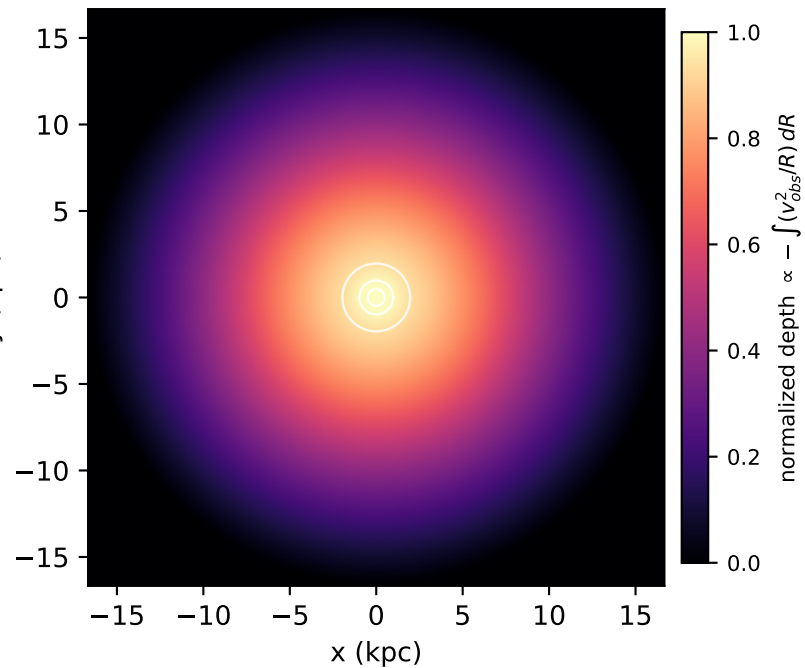

ESO079-G014: rotation curve

Inferred potential (up to constant)

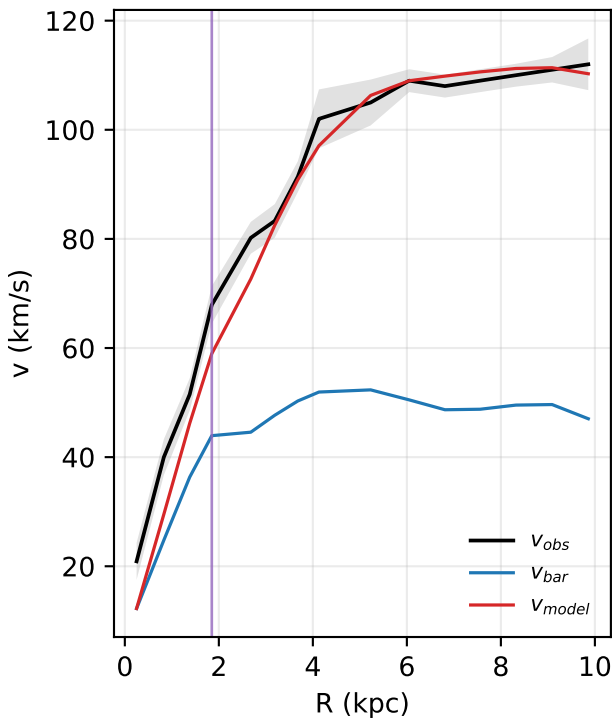

Dyed spacetime (phenomenology-first)

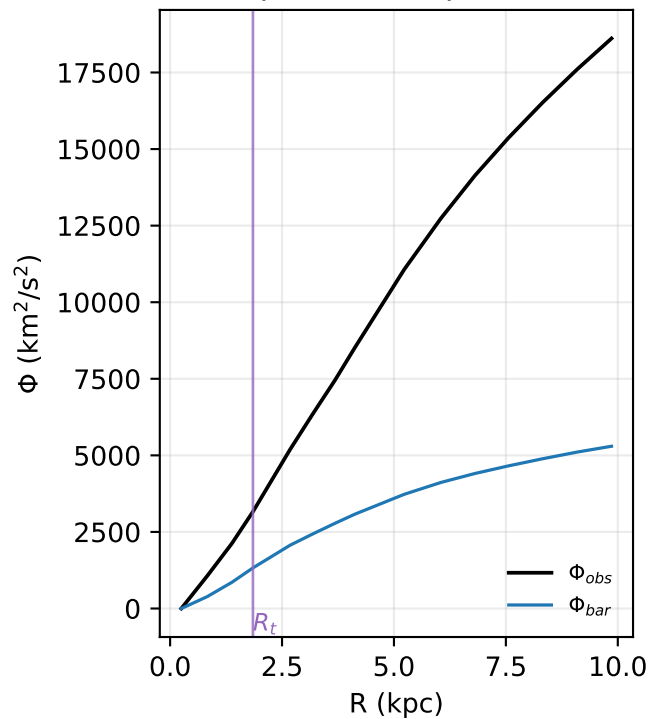

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

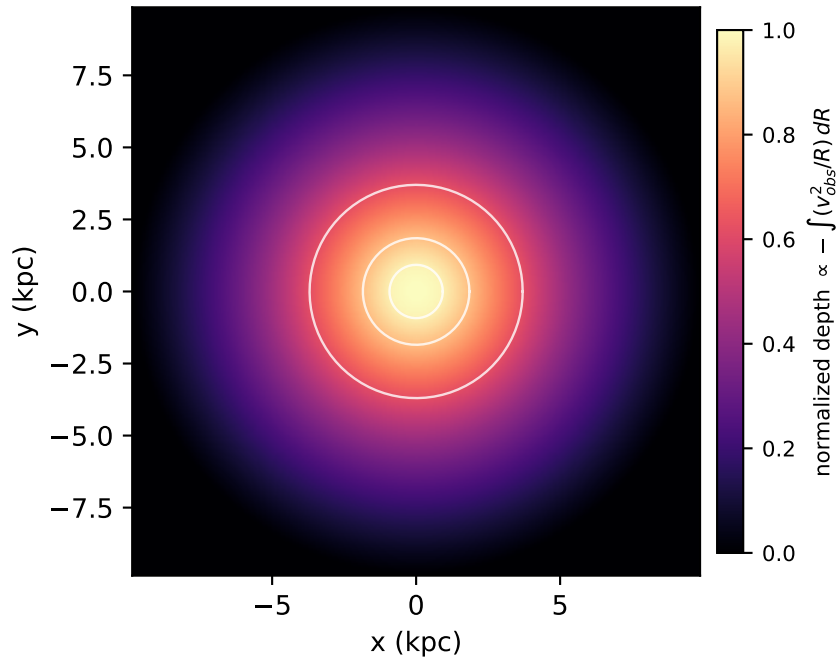

ESO116-G012: rotation curve

Inferred potential (up to constant)

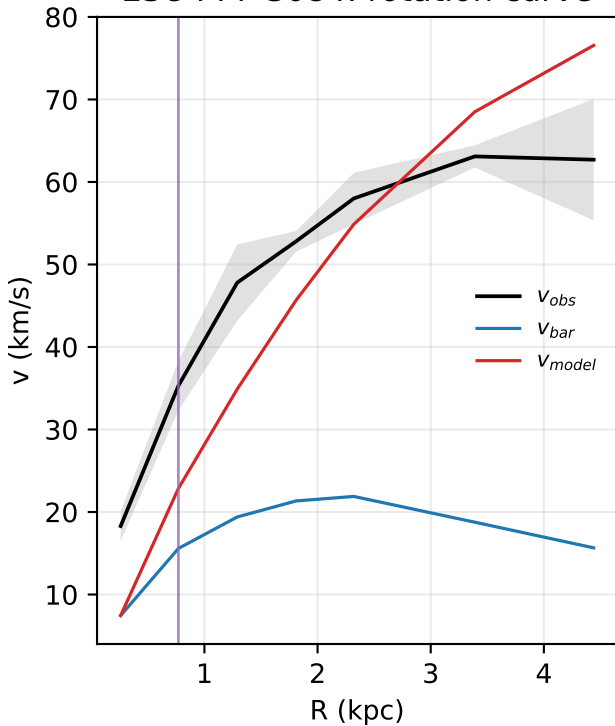

Dyed spacetime (phenomenology-first)

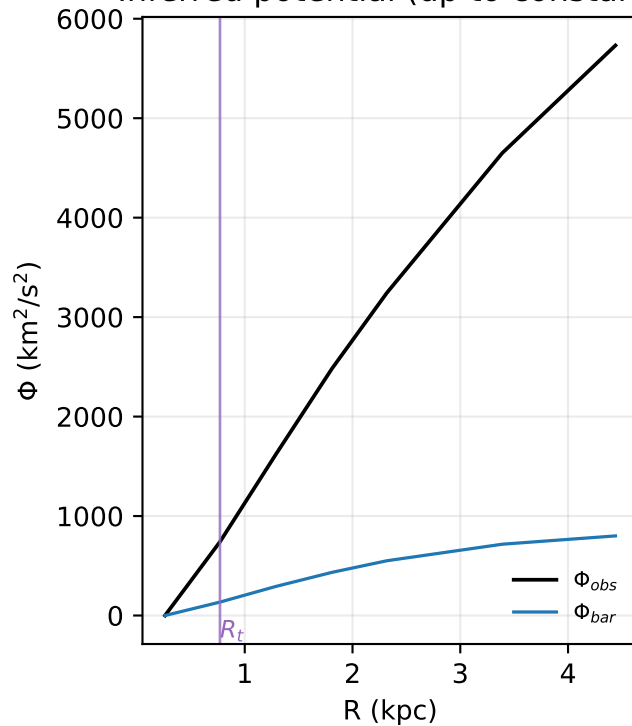

Effective weak-field visualization inferred from $v_{\text{obs}}(R)$; no causal model assumed

ESO444-G084: rotation curve

Inferred potential (up to constant)

Dyed spacetime (phenomenology-first)
